

# PROF. (DR.) GOUTAM ROY CHOWDHURY

Founder & Chairman – Techno India Group

Chancellor – Techno India University, West Bengal

The Man Behind a Million Dreams | India's Applied Innovation Architect | Global Educator & Nation-Builder

---

## From ₹5 to a ₹50,000+ Crore Vision

### How One Man Turned a Dream into a National Movement

Starting his journey in **1985 with just ₹5**, Prof. (Dr.) Goutam Roy Chowdhury—affectionately known as **GRC**—has built a **transformational empire of knowledge, innovation, and entrepreneurship**, spanning over **100 knowledge campuses**, hundreds of companies, and tens of thousands of lives touched each year. Today, he stands as one of India's most admired educationists, futurists, and mission-driven wealth creators.

---

## Empowering 1 Billion Minds | Building the Future of Bharat

### His Mission: To Transform Education into a Force for National Rebirth

With a clear-eyed mission to **empower 1 billion Indian minds**, GRC's vision is to build an India that leads the world—not just in GDP, but in **Global Development Power**. His approach? Disruptive, inclusive, scalable education powered by cutting-edge technology and deep empathy.

---

## India's Uber of Applied Research

### The Next Big Leap: SaaS-Based Aggregation for Nation-Scale Innovation

Prof. Roy Chowdhury is currently building a **revolutionary platform economy model**, a **SaaS + App-based aggregator** for India's core innovation sectors—transforming the nation into a hub of **deeptech-based applied R&D**. Inspired by global giants like Uber, this Indian mega-platform will democratize innovation across:

- **Semiconductor Technology & Fabless Innovation**
  - **AI, ML, Generative AI, and Quantum Computing**
  - **Biomedical Engineering & AI-Driven Healthcare Systems**
  - **Nuclear Medicine & Radiopharmaceuticals**
  - **Smart Agriculture with IoT & Precision Farming**
  - **Carbon Credit Trading with Verified Rural Projects**
  - **Hydrogen Villages & Circular Economy Ecosystems**
- 

## **The TIG Legacy: A Talent Powerhouse for the World**

### **Creating India's Largest Private Education-to-Employment Engine**

Over the past 40 years, Techno India Group (TIG) under GRC's leadership has:

- Trained and graduated over **5,00,000 engineers, managers, designers, and innovators**
  - Created an **alumni base in over 100 countries**—working at Google, Microsoft, Meta, Oracle, and Ivy League universities
  - Produced professionals earning up to **₹2 crore per annum**
  - Built a **visual database of alumni success stories** for global inspiration
- 

## **5,000+ Thinkers at Work | A Nation-Scale Innovation Engine**

### **Doctors, Scientists, Technocrats, and Creators Powering the TIG Ecosystem**

Today, more than **5,000 doctors, scientists, researchers, and technocrats** work within the TIG ecosystem—creating cutting-edge solutions, guiding the next generation, and building the vision of **Techno India University (TIU)** as a **world-class Centre of Excellence**.

This dream is now set in motion with Prof. Roy Chowdhury's **lifelong commitment to contribute his personal wealth** for TIU's future through a legally declared will.

---

## 99% For India | A Visionary's Ultimate Pledge

### Legacy in Action: Philanthropy Meets Purpose

In a landmark event graced by **Bharat Ratna & Former President Shri Pranab Mukherjee**, Prof. Roy Chowdhury **pledged 99% of his life's wealth and creations** for the advancement of India.

In August 2024, in the presence of the **TIU Board of Governors and NAAC Peer Team**, he reaffirmed this by:

- Announcing his **legal will to endow the university corpus fund**
  - Committing to make TIU the **Pride of India and the World**
- 

## Multi-Billion Rupee Opportunities in Motion

### Creating a Self-Funded, Self-Sustaining, Scalable Ecosystem

Prof. Roy Chowdhury is confident of generating **multi-billion-rupee revenues** from his futuristic projects, including:

- AI-powered Learning & Assessment Platforms
  - Smart Healthcare Infrastructure
  - Digital Twin Platforms for Urban Development
  - Carbon Credit Exchanges for Rural Impact
  - Skill Aggregator Apps integrated with NEP and Industry 4.0
- 

## Impact That Inspires | A Life Devoted to Nation-Building

-  Over **5 lakh skilled professionals** created
-  **5,000+ scientists, doctors, and technocrats** in action

- 🏠 100+ innovation-driven campuses across India
- 🌱 Education programs for underprivileged, tribal, and rural populations
- 🚀 Thousands of startups incubated under TIG's innovation umbrella

## Final Word: India Will Rise Through Conscious Capital

*“My wealth is not money, but the minds I’ve empowered and the futures I’ve helped build. India will lead not just through capital, but through consciousness.”*

— Prof. (Dr.) Goutam Roy Chowdhury
